Letter of Recommendation

I am delighted to recommend Mr. Febin Sabu Varghese for higher studies at your esteemed institution. He has been my student for the last three years and I have taught him subjects like Database management systems, Data Structures, Web programming, and Data mining. He is a good student when it comes to hard work, academic aptitude, and overall motivation.

A sincere, highly intelligent, and responsible student, Mr. Febin Sabu Varghese has successfully maintained an excellent academic record in all the courses. He has been among the few such students who have completed all assignments before their deadlines and with optimal scores. His performance is driven by his clarity of fundamentals and basic concepts, enabling him to swiftly latch onto new topics and fields with ease.

Data Structures and their implementations are vital tools comprising programming language foundations. He has handled the same impeccably. Mr. Febin Sabu Varghese has always come up with novel methods of applying the concepts as demonstrated while handling the academic projects.

He has shown immense determination by clearing written and oral examinations successfully. His determination and will were evident by his ability to attend and clear the examinations. His commitment will certainly help him outstrip all expectations laid down by your institution for incoming students.

He has always been an independent thinker, striving to learn new things, while displaying huge promise through his penchant to develop beyond the scope of the curriculum. He has always kept himself updated regarding current developments while minutely examining all technical literature likewise. His leadership qualities are impressive, having organized and managed the events like INCEPTRA and other activities organized by the department. It was received with profound appreciation and enthusiasm by peers and juniors for his efforts.

A student who believes in working hard and maximizing his capabilities, Mr. Febin Sabu Varghese will be striving to fulfil all his responsibilities. His continual zeal towards learning and self-growth along with superior skills of time management will surely take him a long way in the future. I strongly recommend him for admission into your institution.

Sincerely,

Mr. Sijo Jacob

Assistant Professor, Department of Computer Science
